

A New Experience for 2026

The 2026 Annual Event will feature a new reception-style format at the Kauffman Center for the Performing Arts, bringing together the region's life sciences and health innovation community for an evening of networking, cocktails, heavy hors d'oeuvres, and celebration.

In place of a seated dinner and reserved sponsor tables, sponsors will receive enhanced visibility, recognition, and increased opportunities to build relationships with leaders from across industry, research, healthcare, entrepreneurship, and government.
